About Starlight

Starlight Children's Foundation® Canada has been dedicated to brightening the lives of seriously ill children and their families for over 30 years. In these times of COVID-19, we have quickly adapted and launched emergency response programs to continue to offer support during our children's isolation. Focusing on the family as a whole, our mission is to bring joy, laughter, relief, and a whole lot of smiles. Our large variety of in-hospital and outpatient programs help bring back some strength, hope and lost childhood by being that reliable and shining star in a dark and stormy sky.

What makes Starlight Canada unique is that we are there for the entire journey — from hospital to home.
